

KWC Service

Custom projects and
special designs

Custom product adaptations

Tailor-made solutions for your project

Each project is unique, characterised by individual challenges and special requirements. Our custom products are the solution if your requirements can't be met with standard products.

Our expertise

For decades, we have been working closely with our customers to implement tailor-made solutions. We offer custom products – from private applications to comprehensive design and functional adaptations.

Your vision – we execute it

Do you have a special request or project with unique requirements? We can optimise our products individually for you.

Contact us

Send your request to: KWC-Sales.INT@kwc.com
or your regional contact.
